A Good Friend Has Left Us

From the cold blustery day in January of 1967 when he first came to Bethel as town manager until the dark autumn day of his death last week, Elwyn Dickey served the town and its citizens well.

Elwyn earned the respect of all who knew him, even those who many times disagreed with him. Few, if any, thought him less than forthright, when decisions were his to make.

Words frequently fail us when we try to write of a friend who has left us. There are so many feelings that words can not express; so many thoughts that can't be uttered.

His fellow townspeople from all walks of life, who paid tribute to Elwyn last Saturday says better than anything else the esteem in which he was held. They paid tribute to a man who loved his family, was loyal to his friends and associates, and did his job with sincerity and fairness. They expressed in reverent silence, sympathy to the members of his family.

As has been said, "He lives on in your life and all who knew him."

Elwyn Dickey, a good man, a gentle man, one whom we called our friend with pride; God, we shall miss him.

TELSTAR DEFEATS JAY 13-6 TO EVEN SEASON RECORD

Host Telstar evened its record at 2-2, defeating Jay, 13-6, Saturday in Mountain Valley Conference football action.

Telstar went in front early in the second half after both teams exchanged punts following the kick-off.

Telstar marched 56 yards with Rick Mills capping the drive on a one-yard plunge. Mike Dunn contributed the big play in the drive, a 17-yard end sweep bringing the ball to the Jay 8 for a first-and-goal situation. After two off-tackle runs by Al Seames, Dunn smashed over for the TD.

On the ensuing kickoff, Jay fumbled and Telstar's Jeff Fleet recovered on the 20. Telstar scored four plays later with Seames carrying in from the 10.

Still with time in the third quarter, Jay took the kickoff and drove 73 yards for its only TD. Key plays in the drive came on quarterback keepers by Robin Roberts. The Jay QB scored the touchdown with one minute remaining in the quarter on a one yard sneak. The rush was short, and Jay trailed 13-6.

The Rebels ate up most of the remaining time and were in the midst of a long drive when time ran out.

Jay, with the loss, dropped to 2-2 in the MVC.

Telstar's Seames had 87 yards rushing, and Larry Bennett sparked the defense with an interception and fumble recovery.

Telstar tackle Greg Sessions was in on 16 tackles.

WOODSTOCK CHAMBER OF COMMERCE MEETS

The Woodstock Chamber of Commerce came to order at the Firemen's Hall on Wednesday, Sept. 10, with 13 members present. Minutes of the last meeting read and approved. Treasurer reported \$342.70 on hand. It was voted to buy a \$20 painting of Harry Howe's field to be presented to Mr. Howe as thanks for the generous use of his field for parking cars for various town events. The treasurer reported that including the town appropriation \$100 was made on the Bicentennial week end.

It was voted that the Chamber pay monies outstanding to children who have not received their cash prizes from the Bicentennial week end celebrations.

Selectmen present at the meeting questioned members on their attitude of the town purchasing the property on which the Tinner and Bacon shops now stand. It was voted to give the selectmen authorization to put down a \$100 retainer on the property until such time as a special town meeting decides the question. It was suggested that a letter to this effect be sent to the selectmen.

It was noted that Stephen Seames' wooden ladder was lost during the Bicentennial weekend. The rest of the evening was enjoyably spent reviewing the slides used in the Bicentennial museum exhibit. Dr. Billings graciously narrated for the Chamber members present.

There being no further business, it was voted to adjourn.

COMMENTS FROM THE TOWN OFFICE

The Board of Selectmen and employees of the town were extremely saddened to learn of the death of our town manager, Elwyn N. Dickey, Thursday afternoon, Sept. 25.

An executive session of the Board of Selectmen was held at 7 p. m. Thursday evening. Present were Leland Brown, chairman; Samuel Timberlake, Bradley Barker, Arlan Jodrey and Stanley Howe; Office staff Linda Sharp, and Merton T. Brown, Town Clerk. At this meeting Chairman Leland Brown was appointed acting town manager and treasurer for the interim period. This was necessary due to the fact that two signatures must be on the bank accounts and safe deposit boxes in order to conduct the business of the town. It was recommended by the board that the flag on the Common be placed at half staff until after the funeral of the late Mr. Dickey.

Monday evening, Sept. 28, the full board and the town clerk were in session for a special meeting. This meeting had originally been scheduled for taxpayers to come in and discuss tax bills. The board was very pleased to have a communication from former town manager of Bethel and retired town manager of Farmington, Harold Bean, who offered to fill in on a part-time basis until a replacement can be found.

The board is discussing arrangements with Mr. Bean Monday evening.

Word was later received from former town manager of Bethel O. T. Rozelle, retired town manager of Milo, who is also available for part time work.

The board has started advertising to fill the vacancy of town manager and applications have been received.

It was voted by the board to dedicate the 1976 Town Report to the late Mr. Dickey.

Routine business was reviewed at the meeting. The board will be in session Monday evening, Oct. 6, and Tuesday evening, Oct. 7, at 7 p. m.

As chairman of the board and acting town manager I would like to express my thanks for the fine cooperation of the board and town employees experienced this week.

Leland R. Brown

How Casco can help you
increase your savings
interest "batting average"

Ends confusion and makes things simple again.

Savings Manager is the first true savings service. And only Casco has it! It ends the confusion and difficulty of trying to use more than one of the six different ways to save. Every detail about your savings is shown on a simple statement mailed to you every month in which you make a savings deposit or withdrawal.

Your Savings Option Chart

Day in/Day out	for immediate withdrawability
90-Day Notice	for money you may need in three months
4 Ways of Saving—Long Term	for higher interest rates on money you can commit for one, three, four or six years.

\$100 can mean a higher interest "batting average"

Many banks still insist that you have \$500 (or more) before they'll pay you the new higher interest rates. But you can commit as little as \$100 at Casco for up to four years. (Federal law still requires a \$1,000 deposit for 4- and 6-year deposits.) Every statement shows you the separate interest rates you're earning and what your average is. Watch your interest "batting average" increase every month as you move money from a lower yielding to a higher yielding part of your account.

Talk soon to one of the friendly helpful people at any Casco office about Saving Managers many

30 Seconds WITH THE NAZARENE

Rev. Barbara Huse, Pastor
Bethel Church of the Nazarene

How very beautiful are the four seasons of the year, Spring, Summer, Fall, and Winter. It reminds us of the various stages through our lives. In the springtime of our life there are the joys of childhood. In the summer the teen years when we plant the seeds that will one day bring some kind of a harvest. Fall may be compared to the young adult life, the period of rearing a family, working at a chosen vocation, beginning to see the harvest of what has been already sown. Then comes the winter, beautiful, of course, the "Senior Citizen" years, with the crown of snow white hair, the physical body that may have slowed down a bit. However within there is a spirit of hope of new interests of better things that lie ahead, the glorious sunset years with the promise of another sunrise. Let us make the best use of each season of life that the Lord has given to each one of us. Here is a good Bible verse, "Nevertheless He left not himself without witness, in that he did good, and gave us rain from heaven, and fruitful seasons, filling our hearts with food and gladness." Acts 14:17.

MAINE WOODSMEN ASSN. MEETS AT LOCKE MILLS

Members of the Maine Woodsmen Association, District 6, met at the Locke Mills town hall last Friday night, with a small number of members in attendance. The 7:30 meeting was called to order by Larry G. Smith Sr., Bethel, secretary-treasurer for District 6.

The purpose of the meeting was to outline and help set up future guidelines of the Association. Included in the topics for discussion was the meeting of several association members with Governor Longley last Thursday. Vice President Albert Smith, West Bethel, was on hand to update the association members on his meeting with members of the governor's office, Friday.

Much discussion was held concerning the effects of alien labor on the Maine woodsmen.

The truck weight issue was discussed with the fact brought forth that it is confusing to truckers, not knowing what the actual cordage allowed capacity should be.

Brought out at the meeting was also the fact that skilled woodcutters are needed for immediate employment within District 6.

SITUATION OF MAINE'S JOBLESS SHOWS SEASONAL IMPROVEMENT

Emilien A. Levesque, Commissioner of the Maine Department of Manpower Affairs, has announced that Maine's jobless situation in August continued to show seasonal improvement with the unemployment rate declining to 9.3% from 9.6% in July.

The decline of joblessness was primarily attributable to an over-the-month increase of 5,600 non-farm wage and salary jobs, with manufacturing accounting for 4,400 jobs, and nonmanufacturing for 1,200. The gain in manufacturing was due, in part, to a return to work of people who were on unpaid vacation during the survey week in July and therefore were eligible to file claims for benefits, and thus were counted as unemployed.

Twenty major musical films spanning the years from 1927 to 1971 have been selected by the U. of M. Orono's Film Society for showings on campus during the fall semester. The films will be shown at Nutting Hall and the Hauck Auditorium at 7 and 9:30 p. m. Series tickets will be available at the first four showings from Sept. 9 - 26.

Projections from the U. S. Department of Labor indicate a continuing increase in the proportion of the labor force that are women—from 36.7% in 1970 to 38.5% in 1980.

REGULATIONS PUBLISHED FOR GUIDES AND TRAPPERS

The Maine Fish and Game Department has just issued a new folder containing seasons, rules, and regulations for guides and trappers.

Printed as a supplement to the regular hunting regulations booklet, the smaller folder can be updated as needed, at low cost. The current issue expires at the end of December; it will be replaced by mid-December by a new issue containing any changes which may be made for 1976.

A copy of the new folder is being sent to all guides and trappers along with a regularly scheduled mailing. Single copies will be mailed on request from the Department's main office in August.

The new folder is not only easier to keep current, it also produced an appreciable saving in the printing costs of the hunting regulations booklet by omitting several pages of material used by a relatively small number of people.

MEETING ANNOUNCEMENT LA LECHE LEAGUE

"Nutrition and Weaning," the fourth in a continuing series of four discussion meetings sponsored by the area group of La Leche League, will be held on Wednesday, Oct. 8, 9:30 a. m. at the home of Sandy Brackett, 14 Gary Street, South Paris. Turn at George's Busy Corner, make a left into the trailer park and it's the white house in rear. Her telephone number is 743-6229.

All nursing mothers and their babies are invited to attend, and expectant mothers who are considering nursing their babies are encouraged to attend a series of informal meetings so they can learn more about breastfeeding and so they can meet other women who are breastfeeding their babies. Other interested women are also welcome to come. For further information call the group leader, Cindy Cushman at 743-5817.

THE 1975 GOULD FIELD HOCKEY TEAM — Back row (left to right): Asst. Coach Mrs. Dolven, Susan Batchelder, Jody Bailey, Ellen Mahoney, Barbara Roberts, Caren Jones, Erin Weeks, Karen Moore, Barbie Hayward, Middle row: Manager Carlee Merrill, Janyce Gauthier, Freya Morrill, Libby Hoyt (captain), Dee Sullivan, Lorraine Wyzard, Mary Woolfolk, Heidi Leavitt, Carolyn Cousins. Letters to the Editor

September 29, 1975

To the Editor
Last Thursday Bethel lost a devoted public servant who for the last eight years has carried the increasingly onerous burdens associated with managing a town. It will be a loss not easily overcome and I am certain most would agree that Bethel is a better place because of the efforts of Elwyn N. Dickey.

He was the product of the world of experience not of a university but this did not limit his effectiveness. He constantly guarded the interests of the town from all encroachments and his dealings with the public were undeniably fair and just. In addition no one of my experience was more cooperative and helpful in every way. Furthermore, Elwyn inevitably sensed the humorous side to the often difficult job to which he dedicated himself.

I am certain that Elwyn Dickey's contributions to Bethel will not soon be forgotten especially by those who have worked closely with him in governing the town and his family can take pride in his record. As an appreciative citizen, I hope the latter will provide some sense of consolation during their bereavement.

Sincerely,
Stanley R. Howe

Editor Bethel Citizen:

I believe your readers in Massachusetts, Florida, N. Y., California and in between states are tired of reading about busing, disorderly conduct, assault and battery, robberies, murder, Squeaky, Patty Hearst, and rising oil prices.

It's a welcome relief, a breath of fresh air to read what Colista Morgan writes. She not only educates the children but the adults as well. I assume that many of her readers have their dictionaries and encyclopedias handy while they read about the plants, trees and animals.

In all my years in Upton, I've asked many people what different plants, birds and flowers were and I received very, very few answers. It's nice to know someone has the answers.

This week's Citizen had Colista telling about the witch hazel bush, pickerel weeds, baneberries, pokeberries, woodbine, wintergreen and the partridge berries and the blue heron on a frog hunt.

In my sixty five or so years some of these berries and weeds are new information to me.

I don't know who the person was that thought Colista Morgan's description of nature was unimportant and I care less. In my own mind I compare them with a mailman I once knew. He was a real miserable person. Nothing pleased him, including his wife.

I've enjoyed Colista Morgan for many years and look forward each week to her lesson on nature.

Greenwood City —

— Mrs. Collette Morgan, Corres. —

One perfect day this week as I looked out my windows to the hills I could easily believe October had moved in and was striding over the land wearing its coat of many colors and its trousers of green. Color, color spilled everywhere against the radiant blue of the sky and the pond.

The wind of yesterday had run away and the land seemed to hold its breath waiting for a command to get on with chores of another day.

What a time is autumn; mellow warm days and cool sweet nights. To me the changing of seasons is a great happening. Looking down at the pond and beyond I see daily, miracles of birds and animals, leaf and fruit. The landscape changes. The marsh grasses shine and wave under a skein of clouds or the miraculous modes of lights in the valley.

I thought this a good time to go to the ledges where the wine-bright air and the sunshine would make any walk enjoyable.

Where I left the spring road, two wild asters lifted pale stars on the very bank which I went down. The hills to my left folded away while some where among them a red squirrel chided me. These somber fir and spruce woods are not complete unless at some time you hear from out the twiggy recesses his spruce voice; such an impertinent fellow!

The white stems of the birches mingled with the other woods around them.

Traveling birds appeared in the air and trees above; high and almost silent in the sky a few crows passed.

From the ledges there was a good view of the ponds. Reds and yellows became blobs of vivid multicolor irregularly surrounding the blue waters. The weeds a flowing slash of gold rippling along the banks. The water reflected the spectacle of the shore line, a many colored quilt on this little cradle. Birches turned pale yellow, were spaced by dark marks

of green conifers. Such a setting defies description.

Some where over there is the owl with his great carrying voice, which we always hear at night; a sound that may be thrilling or fearful WHOOW-WAHOOW! always asking the same question.

Sitting here in a world of glory, complete and brilliant, I watched ducks shake themselves, skit around, dive and finally withdraw, lost in the stream of Sanborn River.

I crossed the opening and walked through a grove; a little distance to the right was a line of oaks and a few hemlocks which marked a crooked gully beyond.

Crossing into the maples a gold platter of sun came through these flaming canopies. Far on the horizon the sky-blue was lighter and blended into the dark green evergreens.

Just wandering to open sections, the views were ever different. Man has figured when Autumn arrives but this year I think it began to tap summer on the shoulder a bit early.

I listened to the brook in the gully running brightly, coming from a spring somewhere on the mountain, sliding on down the slope, not knowing what it would find "down there". Would there be an end?

On one high ridge I sat in a world drugged with silence and a forest-perfumed breeze laid a velvet touch in my hair.

There was one unsightly blotch of cluttered land set in this otherwise unblemished beauty. I hastened beyond it and took my way home.

The ash directly down front gazed in all its sparkle of purple hue, at its reflection in the pond.

I heard tiny wings within the garage fluttering on the window. I expected a purple finch waiting to be rescued. But not this time. Waiting for me was a surprise! One of the "four hundred Class" the upper crust of bird society. It has somewhat surprised me to see them unafraid so near to me when I walk the driveway and of course on a quiet evening they fill the air with unrivaled melody. Now to hold this beautiful little creature, a wood thrush, in my hand, really ended a perfect day!

The road crew has moved its equipment having finished a stretch of road near the Martin Corner.

I had a surprise visit from Mary Billings and Juanita Allen, Bryant Pond, one afternoon this week. Other callers were Mildred Bowman, Hebron; and Barbara Immonen, West Paris.

Ann Holt and friend, Nancy Hutton, attended the ball game in Boston, over the week end.

The Pulsifers of Hebron and the Betts family of Portsmouth were here at their homes for the week end. Both are doing carpenter work on their cottages.

A group of friendly bicyclists enjoyed a foliage trip through town Saturday afternoon.

Eita Morris has visited Helen Chojnacki at the Stephens Memorial Hospital this week.

Gary Phillips, Muldraugh, Ky., is at the Hayes Homestead this week.

NOTE TO PHEASANT HUNTERS

The Maine Fish and Game Department has announced several changes of importance to sportsmen who might be hunting pheasants this fall.

Unlike the previous two years, hunters no longer need to purchase a special stamp before hunting pheasants. The 107th Legislature considered but did not pass a bill that would have continued the stamp requirement and raised the fee from \$1 to \$3.50.

Other changes involve the number of pheasants available for stocking and the stocking policy itself. Hunters are advised that

they can expect to find fewer birds in some of the traditional hunting grounds this fall.

This year the number of pheasants raised has been reduced to a little over 16,000 compared with 21,500 in 1974. About 7,900 of the year's total are being raised by 56 co-operators throughout the state who obtained the birds six weeks of age and raised them at their own expense.

As in previous years, the Department will recognize the effort of the co-operators by releasing matching birds on a one-for-one basis in suitable places in each co-operator's locality. However, the number of pheasants available to stock on Department-owned wildlife management areas is considerably reduced this year.

Emphasis will be on releasing matching birds on these tracts wherever possible, but few non-matching birds are available to stock wildlife management areas where there are no nearby operators.

The pheasant season begins Sept. 25 in Wildlife Management Units 1, 2, and 3 (northern and much of western Maine) and Oct. 1, in the rest of the state. It ends statewide on Nov. 30.
